## Projects and Activities

### E Teach Program

Project by Bombay Community Public Trust

Exectued at : Alibag (Raigad .

Initiated on : 1st June 2017 to 30th April 2018

Bombay community Public Trust is city based community foundation, works with non-governmental organisations, to address social, educational, health, and enviornmental problem

affecting the citizen of Mumbai. Listening, reading and writing are the three main pillarsof language development. Listening which begins in the womb and continues through the early years of a child's life enabales a child to articulate from incoherent to coherent words, form words, through phrases to sentences which get refined as the child.
