Nirmiti Foundation

Dear Friends of Nirmiti Foundation,

This is an important milestone in the life of Nirmiti Foundation as we turned 10 this year!

In 2011 we established as a Foundation, if anyone had told us that after 10 years we will be triggering the life of thousands of children and reaching in the corners of rural and urban Maharashtra it might be unbelievable for us. Impacting the life of children by providing education, learning, life skill building transforms the depiction of family and society.

Nirmiti Foundation envisage being on similar path to give more contribution to individual and their loved ones.
